BT-PS 1000 Energy station

Art.-No. 10.911.30

Portable and handy power supply for 12 V direct current. With a suitable connection cable the DC terminals of the BT-PS 1000 is ideal for connecting radio, television, laptops, mobile phone etc. The energy station provides with the starting aid function a help by starting problems of car with petrol motor and motor-bike. A powerful compressor mounted in the rear produces compressed air up to 18 bar and is suitable for inflating footballs and little air mattress etc. A 3 watts light is integrated in the impact resistant housing provided with handle.

Features

- Non spilling and leak-proof, maintenance-free lead power pack 12 V / 10 Ah
- 12 V terminal by one cigarette lighter socket for max. 10 A charging rate
- Starting aid function 12 V
- Lightning 12 V / 3 W (1)
- Charging terminal for charger connection (2)
- ON/OFF charger clamps (3)
- Battery charging control with indicator (4)
- ON/OFF lighting (5)
- Charging cables with fully insulated pole clips (6)
- 3 pcs valve adapter kit (7)
- 18 bar compressor (integrated) with ON/OFF-switch and pressure gauge (8)
- Charger
- Connection cable with cigarette lighter adapter

Technical data charger

- Mains: 230 V ~ 50 Hz
- Outlet-nominal voltage: 12 V
- Outlet-nominal current: 800 mA
- Outlet-nominal power: 9,6 VA

Technical data energy station

- Terminal: 12 V / 10 A
- Compressor (integrated): 18 bar
- Lead power: 12 V / 10 Ah
- Net weight: 7.4 kg
- Gross weight: 7.6 kg
- Packing dimensions: 345 x 175 x 380 mm
- Bar code: 4006825 554151
- Sales unit: 2 pcs
