

Einhell

POWER X-CHANGE

Battery

**PXC+ 4,0Ah TABLESS
SEALED**

Item No.: 4511678

Ident No.: 21014

Bar Code: 4006825685107

The Einhell PXC+ 4.0 Ah TABLESS SEALED battery is part of the Power X-Change platform. The innovative Tabless technology makes conventional cell connections (tabs) redundant, allowing direct current flow to the terminal. This reduces resistance and generated heat, offering maximum performance and a long service life. The battery with protection class IP57 is splash- and dust-proof, and can deliver a temporary peak output of 2,000 W. The battery delivers a constant output of 1,260 W. The ABS management system continuously monitors all parameters, thereby ensuring optimum safety and performance. The charging status can be checked via a 3-stage LED display. The robust housing protects against corrosion and impacts. Charger not included.

Features & Benefits

- Universally compatible with all Power X-Change devices
- TABLESS: Parallel current channels provide greater power
- SEALED: Dust- and jet-water-proof according to protection class IP57
- Short-circuit protection in case of complete immersion
- PLUS technology: Full power, more compact design
- Current remaining charge displayed by 3-setting LED indicator
- LED indicator function check
- Battery management system (ABS) for optimal battery monitoring
- Best performance, safety, durability and service life thanks to ABS
- No memory effect thanks to high-quality Li-ion cells
- Low self-discharge and high, constant power
- High impact protection and good grip by means of a rubberised housing
- Recessed grip for easy removal of battery from the device
- Suitable for 36-V applications in Twin-Pack devices

Technical Data

- | | |
|--|--------|
| - Battery capacity | 4 Ah |
| - Battery voltage | 18 V |
| - Number of batteries included in delivery | 1 pcs |
| - Peak power | 2000 W |
| - Power | 1260 W |

Logistic Data
