E-Case Rollbrett

Item No.: 4540041

Ident No.: 21013

Bar Code: 4006825679335

The genuine Einhell E-Case roller board is a member of the modular E-Case system from Einhell and with its four rubberised castors – two with integrated foot brakes – is suitable for transporting tool cases, crates and more. The castors can be taken off and stowed underneath the roller board. The ergonomic carrying handle allows for easy transportation. The roller board can be loaded with up to 120 kg. Stacked E-Case system boxes and bags can be fastened via a locking system. Thanks to the optimised contact surface with a raised edge, drinks crates also fit perfectly on the roller board. For larger items, there are fastening options for lashing straps.

Features & Benefits

- Part of the modular E-Case system from Einhell
- Roller board for easy transportation of several E-Case boxes
- Locking system for connecting the roller board and box
- Robust construction for loads of up to 120 kg
- Support surface adapted for transporting drinks crates
- Lashing strap fastening for transporting larger objects
- 4 rubber tires for flexible transportation
- Integrated foot brakes for secure storage
- Dismountable wheels that can be fastened inside the storage compartment
- Made of high-quality polypropylene
- Heat- and impact-resistant
- Carrying handle for comfortable transportation

Technical Data

- Max. total payload 120 kg
